If you could have three things on the island, what would they be and why?

The Stand by Stephen King. A great book and long so it'll entertain me for a while.

A LEGO figure. My son always asks me to keep his LEGO men safe.

A picture of my family, dogs, and cats included.

Which *Survivor* contestant are you the most like?

Cochran. He's a strategist. He was also a genuinely nice guy but he was there to PLAY!

What's your reason for being on *Survivor*?

I want to win. I've been watching and dreaming of being Sole Survivor since high school. I think I can win! Also, the \$1 million.

Why do you think you'll "survive" *Survivor*?

I'm an Eagle Scout and have all the basic survival/first aid skills. I'm a hard worker and good at alleviating tension.
